#ROADTONATIONALS | The DA-AMAS is thrilled to announce the partial list of the Top 33 Start-Up Young Farmers Challenge National Phase II finalists after careful deliberation and judging of the innovative ideas and compelling presentations from all the participants.

These enterprises demonstrated outstanding creativity, feasibility, and a deep understanding of the agricultural industry. Their pitch stood out for its innovative approach, potential for impact, and the clarity with which they communicated their ideas.

We would like to extend our sincere appreciation to all the YFC finalists who didn't make the cut for their dedication and effort.

The YFC Start-Up National Level Competition will commence this coming November 29–30, 2023. Good luck, young farmers!
